**ADDENDUM NO. ONE**  
**May 8, 2014**

**ITB 14-0631**  
**Welding Materials and As-Needed Welding/Fabrication Services**

It is the vendor's responsibility to ensure their receipt of all addenda, and to clearly acknowledge all addenda within their initial bid response. Please complete the bottom portion of this Addendum and submit use the attached Revised Pricing Section as the pricing form in your Bid. Failure to acknowledge each addendum issued may prevent the bid or proposal from being considered for award.

This addendum does not change the date for receipt of bids or proposals.

The purpose of this addendum is to amend the solicitation to include other welding materials and supplies. Therefore, **Section 1.1 (Purpose)** is hereby amended to read: "The purpose of this solicitation is to establish contracts with multiple vendors for 1) the provision of metal welding materials and other materials/supplies, and 2) welding/fabrication services on an as-needed basis in conjunction with the County's needs."

As part of this ITB and resulting contract, the County would like to include the following items in addition to those stated in the original ITB document:

1. Rental of welding tanks.
2. Purchase of welding tanks that can be used for exchange. The tanks to be purchased may be used tanks, but shall comply with the following:
  - Tank(s) shall not be embossed or stamped "Rental."
  - No rust or pitting shall be present.
  - Tank(s) shall have a current year testing date with a "+" and "\*" marking.
  - There shall be no markings embossed on the neck ring of the tank(s).
3. Purchase of welding gas.

In addition, the Pricing Section is hereby revised accordingly and a **revised** pricing form is included as Attachment A. Please use this revised pricing form to submit all bid pricing.

**Addendum No. 1**

**May 8, 2014**

Vendors are encouraged to bid on any or all items included in this ITB and addendum. If a vendor can supply both welding services and the materials or supplies, the vendor should submit a bid for all items. If a vendor can only provide one item – either welding services or welding materials/supplies – the vendor should bid on the item(s) it can provide. Bidders should enter “NB” on the pricing line for the items not being bid. The County intends to select multiple vendors for contract awards to best meet its needs.
